

An individual enrolled in this course will be required to undergo Industry training for a minimum period of 480 hours in the aquaculture sector. The industrial training may be taken after completion of all units for those pursuing the full qualification or be distributed equally in each unit for those pursuing part qualification. In the case of dual training model, industrial training shall be as guided by the dual training policy

### Assessment Requirements

The course shall be assessed formatively and summatively:

- a) During formative assessment all performance criteria shall be assessed based on performance criteria weighting.
- b) During summative assessment basic and common units shall be integrated in the core units.
- c) Summative assessment shall involve practical assessment focusing more on critical aspects of the respective unit of competency.
- d) Theoretical and practical weighting for each unit of learning shall be as follows:
  - i) 10:90 for units in module I and II
  - ii) 30:70 for units in module III and module IV
- e) Theoretical (written/oral) assessment shall have formative and summative assessments weighted at 60% and 40% respectively in the overall unit of learning score
- f) Assessment performance rating for each unit of competency shall be as follows:

MARKS	COMPETENCE RATING
80 -100	Attained Mastery
65 - 79	Proficient
50 - 64	Competent
49 and below	Not Yet Competent
Y	Assessment Malpractice/irregularities

Assessment for Recognition of Prior Learning (RPL) may lead to award of part and/or full qualification.
