

## **Industry Training**

An individual enrolled in this course will be required to undergo Industry training for a minimum period of 240 hours in Agricultural and related sectors. The industrial training may be taken after completion of all units for those pursuing the full qualification or be distributed equally in each unit for those pursuing partial qualification. In the case of dual training model, industrial training shall be as guided by the dual training policy.

## **Assessment**

The course shall be assessed formatively and summatively:

- i. During formative assessment all performance criteria shall be assessed based on performance criteria weighting.
- ii. Number of formative assessments shall minimally be equal to the number of elements in a unit of competency
- iii. Assessment of basic and common competencies shall be integrated in the core units
- iv. Theoretical assessment shall be integrated in practical assessment and conducted orally in both formative and summative assessments.
- v. Theoretical and practical weight shall be 10:90 respectively for each unit of learning.
- vi. Formative and summative assessments shall be weighted at 60% and 40% respectively in the overall unit of learning score
- vii. Assessment performance rating for each unit of competency shall be as follows:

MARKS	COMPETENCE RATING
80 -100	Attained Mastery
65 - 79	Proficient
50 - 64	Competent
49 and below	Not Yet Competent
Y	Assessment Malpractice/irregularities

- viii. Assessment for Recognition of Prior Learning (RPL) may lead to award of part and/or full qualification.
